Your Deck is Your Sanctuary

Your place of escape where work, stress and rush-hour traffic simply do not exist. Of course, your deck can only be this magical place as long as it keeps its good looks. Wood's natural decay can turn your place of retreat into a virtual to do list before you know it. **That's why you need TimberTech.**

TimberTech is a revolutionary alternative to wood that doesn't rot, warp, or splinter. TimberTech products look great through years of use and exposure to the elements. That's because it's made through a unique process that turns high-quality reclaimed wood fibers and pure plastic resins into strong, moisture resistant decking and railing products that last. **You will be amazed at the beauty and luxury of your new TimberTech deck.**

Choose TimberTech and know you will not spend time staining or sealing, leaving you more time to enjoy life. Create a romantic outdoor dinner setting. Have the neighbors over. **And enjoy the timeless beauty and low-maintenance lifestyle of TimberTech.**

Floorizon™ Plank

The Floor for the Outdoors

The Floorizon Plank is the most desirable decking surface. With a built-in blind fastener system and two appealing surface options, a Floorizon deck is beautiful and easy to install.

Features and Benefits

- Hidden fastener system allows for a safe, attractive deck
- 6" plank provides 11% more surface coverage than traditional decking profiles, which means lower material needs
- Spans 24" on-center for reduced structural needs

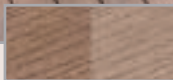

Actual dimensions 1-1/2" x 6"

Imagine

Earthwood™ Plank

Authentic Hardwood Look

TimberTech's Earthwood Plank provides the attractive look of a hardwood deck. Available in a warm, rich Tropical Walnut color, this plank has the exotic flair needed to complete your ultimate outdoor experience.

Time and exposure enhance the natural color of the deck. The weathering shown is typical, but color may vary depending on climate.

Features and Benefits

- The deep look of tropical hardwoods with less maintenance
- Square-edged plank provides well-defined deck lines
- Spans 16" on-center

Actual dimensions 1" x 5-7/16"

TwinFinish® Plank

One Plank. Two Looks.

TimberTech's TwinFinish Plank is a high-quality, traditional decking option available in two attractive surfaces. Its solid core and similarity to a traditional 5/4 plank allows for design creativity and customization.

Features and Benefits

- Single plank offers two design surfaces, Vertigrain and brushed
- Vertigrain surface provides a bold, distinct look and lacks the repetitive V-pattern found on other composites
- Spans 16" on-center

Actual dimensions 1" x 5-7/16"

Retreat

RadianceRail™ System

Clean. Crisp. Vibrant.

TimberTech's RadianceRail System, available in Coastal White, adds a bright finish to any deck. The architectural styling, bold lines and detailed accessories make this rail system elite.

Features and Benefits

- Strong lines and accents create a clean, crisp look
- Sturdy, structural design does not rattle or squeak
- No exposed hardware provides a fresh, smooth finish
- Post Cap and Post Skirt highlight the lines of the post
